The School of Engineering is inviting applicants to apply for an Undergrad and/or Graduate Teaching Assistant position for the following course:

**ENGR 430 – System-Based Design and Construction**
State-of-the-art conceptual design and construction techniques of civil engineering systems. Problem-based learning techniques using real life engineering project design and construction case studies – famous, infamous, large, small, failures.

**Start Date:** September 6, 2022  
**End Date:** December 22, 2022

**Description of Duties:** The successful candidate will conduct marking under the supervision of the course instructor.

**Number of positions available:** 1-2 positions

**Wage for this position:** As per the BCGEU Collective Agreement UTA or GTA.

**Eligibility:** To be eligible to apply, applicants must be enrolled in a full-time undergraduate or graduate degree program at UBC Okanagan. Successful Candidates are required to be in Canada for the duration of the position. (Note: a full-time student is defined as having a minimum of 24 credits for the 2022 winter session).

**APPLICATION DEADLINE:** April 30, 2022

Equity and diversity are essential to academic excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political Policy #HR11 7 belief, religion, marital or family status, age, and/or status as a First Nation, Métis, Inuit, or Indigenous person.
